**Our Condolences**

We greet you and the children in the mighty name of our Lord Jesus and share your painful loss at this difficult time.

At eighty six, we need to really thank God for His love and faithfulness to Olorogun and his family both nuclear and extended.

Our departed brother in Christ lived a full, long and productive life. He reached out and touched the lives of siblings, family and strangers and the nation with love, and compassion. He was a very successful entrepreneur and business man of National and international repute straddling several segments of the economy and National life.

Above all he was a Christian gentlemen with a generous loving spirit and a humble bridge builder; a kind and compassionate soldier of the cross.

Please permit us to congratulate you on his well spent life to the glory of God. Our loved ones are never old enough to die but death is indeed the end of every living being.

We look forward to hearing the final funeral rites of Olorogun Michael Ibru.

Be assured of our prayers.

*Yours in Him,*
